$\textbf{MONEY TALKS}$

*International Innovation* compares each of the EU Framework Programmes’ budgets to investments, spending and fortunes across the globe – from wine exports to wind farms to the world’s wealthiest

- Nearly 80% per cent less than funding spent on failed US missile defence projects over the past decade
- Half the amount of France’s wine and liquor exports in 2014
- The investment world leaders have pledged for providing vaccinations to children in the world’s poorest countries between 2016-20
- The amount that China’s richest man, Li Hejun, lost in one hour in May 2015

### Budgets

- **FP1 (1984-87)**
  - €3.8 billion
- **FP2 (1987-91)**
  - €5.4 billion
- **FP3 (1990-94)**
  - €6.6 billion
- **FP4 (1994-98)**
  - €13.2 billion

### Sources
50 per cent less than Germany’s investment in the development of offshore wind farms this year

Over 30 per cent less than the total funding budget for the US National Science Foundation in the same period

Less than the net worth of each of the top 4 on the 2015 Forbes list of the richest people on the planet

Equal to the annual cost of physical inactivity on the European economy

FP5 (1998-2002) €15.0 billion

FP6 (2002-06) €17.9 billion

FP7 (2007-13) €53.2 billion

Horizon 2020 (2014-20) ~€80 billion
